ADHESIVES

SPRAY ADHESIVE 066

Non-wrinkling, repositionable, water-resistant, quick or long tack adhesive that provides either a temporary or permanent bond. USES: This spray can be used to bond many materials including: metal, cardboard, foam rubber, plastic films, glass, wood, paper and cloth. Ideal for quick layouts, paste-ups, labeling and display assembly. Prevents paper patterns and stencils from shifting.

SPRAY ADHESIVE 366

Permanent or temporary bonds, quick tack, water resistant, non-wrinkling. Bonds to: Cardboard, foam rubber, plastic films, glass, wood, cloth, metal

FAST TACK FOAM & FABRIC ADHESIVE 055

Fortified with high solids for stronger, longer bonds. Snorkel tip provides uniform, soft glue lines that will not dimple. The quick tack and low soak-in feature leaves more adhesive on the surface of the substrate which results in stronger bonds. USES: Bond fabric to most foam, metal or wood surfaces and to itself. Bonds most urethane and latex type foams to themselves in butt splicing, knife edging, laminating, boxing and edge turning operations and also to metal, rigid plastic and wood surfaces. NOTE: Not recommended for bonding vinyl.

MIST TYPE SPRAY ADHESIVE 082

A mist-type economy pallet adhesive perfect for textile screen printers. Its pressure-sensitive formula makes it repositionable without losing its strength and it holds its tack for a number of screen passes before an additional application is necessary. No. 82 will not transfer to fabric nor will it allow shifting of the material during the screenprinting process. Quickly strips without stain or residue. USES: Ideal for t-shirt fabrics. Bonds to cloth, cardboard, paper, acetate, foil, plastic film, cork, foam rubber and leather.

FAST TACK PREMIUM MIST PALLET ADHESIVE 382

A mist-type economy pallet adhesive ideal for textile screen printers. The pressure-sensitive formula makes it repositionable without losing its tack for a number of screen passes before an additional application is necessary. No. 382 quickly strips without stain or residue. Will not transfer to fabric.

FAST TACK EMBROIDERY ADHESIVE 089

A pressure sensitive mist adhesive intended for use for lightweight temporary bonds and repositionable applications. This adhesive has no permanent bonding capability. It has fast aggressive tack and good shear strength. When allowed to properly tack, the adhesive will not stain or transfer to other surfaces. USES: Ideal for arts & crafts, temporary fabric holding, paste up and set up applications, palletizing lightweight objects, attaching appliques and more.

FAST TACK HIGH TEMP HEAVY DUTY ADHESIVE 092

No. 92 is a contact adhesive designed for bonding vinyl tops, heavyweight headliners and hood silencer pads where high strength and heat resistance are needed. It features a high immediate bond strength with a non-misting, lace-like spray.

FAST TACK FOAM & FABRIC ADHESIVE 555

Bonds fabric to most foam, metal or wood surfaces and to itself. Bonds most urethane and latex type foams to themselves in butt splicing, knife edging, laminating, boxing and edge turning operations and also to metal, rigid plastic and wood surfaces.

Important: Not recommended for bonding vinyl.

FAST TACK HIGH TEMP HEAVY DUTY ADHESIVE 784

Water Based. All Purpose Silkscreen Adhesive. For Tacking Lightweight & Fleece Materials. Great for the Flash Cure Process. IDEAL FOR: Flash Curing, Screen Printing and Plastisol Inks.

SILICONES / LUBRICANTS

SILICONE SPRAY 945

Dries rapidly with no greasy or oily film. Stops squeaking, sticking and binding that often occurs with most machinery. It retards corrosion and makes cleaning easier and quicker. Colorless - non-staining - waxless - heat stable from 40°C to +204°C, it is safe to use on such surfaces as metals, glass, rubber, plastic, painted finishes and fabrics (except for polystyrene).

SILICONE SPRAY 946

The 946 features similar characteristics to the 945 with reduced solid content for light duty applications. Please see above SW945 description for complete details.

RD90 LUBRICANT 090

A sewing machine oil, RD-90 provides a fine film coating that keeps moving parts and operating mechanisms running smoothly while it displaces moisture and prevents rust on any metal. This product contains no silicone and is harmless to paint, plastic, rubber and fabric. Spray on corroded and rusted "frozen" parts for quick release. USES: Use on any metal item where lubrication, rust or corrosion protection, is needed. Use on parts, shafts, and rotary systems of all types of apparel equipment.

CLEANERS

CRAZY CLEAN 031

Crazy Clean All Purpose Cleaner cleans 'like crazy' and may be the only general cleaning spray needed for most cleaning situations. Spray on and wipe off to remove dirty hand prints from walls and doors, scuff and crayon marks, grease spots, soot stains and smoke film. Perfect for cleaning sewing machine housings, cutting and working tables.

GLASS CLEANER 050

The World's Best Glass Cleaner contains no ammonia and will not leave a film. Perfect for cleaning all glass: exposure units, cameras, scanners, windshields, mirrors, and windows. This product has a clinging foam and a pleasant fragrance.

C-60 SOLVENT DE-GREASER 063

C-60 Solvent Degreaser removes unwanted ink spots, dirt, grease, oil, fresh paint and other troublesome stains fast. Also effective on tar, adhesive marks, crayon marks and lipstick. C-60 leaves no residue, is quick drying, non-flammable and low in toxicity. USES: Use this product on metal parts prior to painting or soldering, painted surfaces, insulation, rubber and fabrics. Electric motors and generators may be cleaned while in use under properly ventilated conditions. Also for use on sewing machines, cutting tools, switches, control panels and thermostats. NOTE: Do not use this spray on plastics.

FUSING MACHINE CLEANER 823

Quick and easy to use and to clean up, No. 823 Fusing Machine Cleaner for belts, irons and flat presses effectively removes adhesive residue from the operating surfaces of interlining fusing machines and irons. No. 823 preserves surfaces and reduces further sticking of adhesives to Teflon®-coated belts and plates. It contains highly-viscous silicone and is non-flammable under fusing conditions. (Flash point: 240°C/465°F; ignition point above 240°C/465°F).

FAST OPEN SCREEN OPENER 032

For water-based inks. A convenient and easy-to-use product designed to open dried-up areas on screens. To use simply spray a thin application to the dried-in area or areas. Two or three squeegee passes will open the mesh completely. Use this product at regular intervals to help prevent clogging and work delays.

FAST OPEN SCREEN OPENER 957

For plastisol and solvent based inks. A convenient and easy-to-use product designed to open dried-up areas on screens. Use FAST OPEN 957 at regular intervals to help prevent clogging and work delays. USES: Simply spray a very thin application to the dried-in area or areas. Two or three squeegee passes will open the mesh completely.

SPECIALTY PRODUCTS

CLEAN JET 100 805

The No. 805 Clean Jet 100 canned air/duster spray, is a portable source of ultra-clean gas for precision removal of dirt, lint and other particulates. This product is non-flammable, ultra-filtered dust remover with pinpoint jet accuracy delivering a blast or air up to 100 psi at 68°F and is guaranteed to leave no residue on any surface being cleaned. For use in hard to reach areas of sewing, cutting and embroidery machines.

NO FRAY SPRAY 821

The fast-drying No Fray Spray helps the needle trade professional by preventing the unraveling of fabric and the slippage of threads. It is excellent for storing fabric safely. In addition, it eliminates over-edge stitching, reduces seam failure and material waste and saves labor time. NOTE: When using No. 821, the top and bottom of fabric in each bundle must be covered with paper to shield against overspray. USES: Prevents the unraveling of fabric.

ANTI-STAT STATIC ELIMINATOR 955

This multi-purpose anti-static spray removes the electrostatic charges that attract dust particles and cause static electricity. Effectively eliminates static shock and static cling. Safe to use on a wide variety of inanimate objects. USES: Use on rugs, carpets, drapes and cloth furniture to help prevent static electricity. Eliminates static electricity in and around computer and terminal areas. Will not stain fabric.

OTHER GREAT SPRAYWAY PRODUCTS

FABRIC CLEANER SW508

- Thick foam quickly penetrates stains and soil from dirt, coffee, food or pets
- Cleans fabric without a soggy, wet mess
- Use as a spotter or a cleaner
- Fresh wintergreen scent

VINYL & LEATHER CLEANER SW990

- Removes stains, smudges, fingerprints, salt and dirt for a like-new appearance
- Cleans, protects and restores vinyl tops, interiors and white walls
- Ideal for both vinyl and leather surfaces
- Contains oil of mink
- New leather scent

FABRIC CLEANER WITH INVERTED SPRAY SW558

- Inverted spray valve provides easy access to hard-to-reach areas
- Quickly removes soil from most upholstered surfaces
- Cleans without leaving the fabric wet
- Fresh wintergreen scent

LEATHER CLEANER & CONDITIONER SW991

- Conditions, renews and protects with a thick foaming mousse
- Special conditioners enhance and moisturize leather surfaces
- Leaves a water-repellent treatment that allows leather to breathe
- New leather scent

BIO ENZYMATIC CARPET & UPHOLSTERY CLEANER SW589

- Fast acting enzymes safely remove stubborn stains & odor-causing organic matter
- Inverted spray with foaming action penetrates deep into carpet and upholstery fibers
- Effective on spots caused by coffee, milk, wine and other mishaps

FOAMING RUG & UPHOLSTERY CLEANER SW869

This fast and easy-to-use product cleans rugs and upholstery. Perfect for spot cleaning and ideal for spills and stains, No. 869 releases ground-in dirt from carpets, rugs and upholstery -- including velour. One can cleans a 9' x 12' rug. NOTE: Not for use on silk upholstery

CARPET SPOTTER PLUS SW676

- This powerful spray removes tough spots and stains instantly
- Non-foaming formula
- Upright valve for fast, forceful penetration
- No need for vigorous rubbing and scrubbing
- Excellent pre-spotter

ORANGE CITRUS CRAZY CLEAN SW985

- Formulated with orange citrus solvents
- Removes dirty hand prints, scuff marks, soot, grease, smoke film, oil, light carbon and dust
- Deodorizes as it cleans

CRAZY CLEAN WIPES SW983

- Industrial strength waterless cleaner
- Cuts through the toughest tar, grease, wax, ink, paint, lubricants, and adhesive
- Extremely versatile
- Can be used for nearly any job, from cleaning tools and wiping hands, to cleaning machinery and other surfaces
- Gentle on skin - fortified with an emollient, that won't crack or dry hands.
- Textured side of the fabric won't scratch surfaces and is ideal for scrubbing tough soils
- Smooth side wipes surfaces clean
- Leaves a pleasant citrus scent and no residue
- NET CONTENTS: 70 WIPES

- Aerosol cans are made of steel, the world's most recycled material.
- Our cans are made with 25% to 32% recycled steel depending on can style.
- The caps and spray tips are recyclable.
- Our shipping box utilizes 37% recycled material.
